TEN CENTS A WEEK

## FLORIDA SENATE INVITES BRYAN TO SPEAK

Body is Well Up With its Work, and Many Members Are Spending Sunday at Their Homes.

TALLAHASSEE, April 17.—The Upper House of the Florida Legislature will complete the second week of the session of 1909 well up with its work. The committees have given proper consideration of the many bills, resolutions and other matters referred to them, and the calendar stands practically cleared. The Senate is nearly ten days ahead of the record of work of the session of 1907. To date there have been introduced 161 bills, besides numerous resolutions, some of which were joint and concurrent. Unlike the Lower House, the Senate did not adjourn at noon Friday until 3 p. m. Monday, but will meet again at 4 p. m. this afternoon, provided a quorum is present. The members are tired by a strenuous week of work, and as many have gone home to spend Sunday it is quite likely that a quorum will not answer to the roll call.

Motion to adjourn until Monday was made, however, but objection to the same was raised by Senator Beard, who stated that he was anxious to have the Senate take up and pass immediately the bill enabling the city of Pensacola to commence and carry out to completion certain contemplated municipal improvements, including the paving of streets, etc. This bill was introduced by Mr. Stokes of Escambia in the House of Representatives and passed. In the event the Senate meets today Mr. Beard will at once propose that it be taken up and passed.

Senator Cone introduced a resolution yesterday extending an invitation to Hon. William Jennings Bryan to address the Florida Legislature. The resolution was passed, there being no opposition offered. The secretary of the Senate was instructed to transmit a copy of the resolution to Mr. Bryan.

The committee on temperance reported favorably upon the joint resolution providing for constitutional amendment in order to let the people of Florida decide the question of State-wide prohibition. The constitutional amendment committee will not report upon the resolution until later, probably at the same time the House committee reports.

### Routine Proceedings.

Twenty-nine members were present at roll call at 10 o'clock.

Among the bills introduced were the following:

Senate Bill No. 143, by Harris—

Fixing salary of Attorney-General. Senate Bill No. 144, by Dayton—Cancelling certain tax sale certificates.

Senate Bill No. 152, by Adkins—Relating to commitment of minors to reform school.

Senate Bill No. 153, by West—To protect landlords against destruction of property by tenants.

Senate Bill No. 154, by McCreary—Prohibiting log carts on certain public roads.

No. 7, by Sloan—For joint committee of five to confer with State officials regarding relief of counties affected by supreme court decision on educational funds. Adopted.

Bills on second reading:

Senate Bill No. 24, by Williams—Relating to railroads. Reported unfavorably. Indefinitely postponed.

Bill No. 37, by Dayton—Prohibiting catching of food fish from Crystal river with nets in Citrus county. To third reading.

Bill No. 88, Dayton—Providing for transfer of money from one county fund to another. To third reading.

Bill No. 23, Dayton—Allowing circuit judges clerical aid. To third reading.

Bill No. 81, by McMullen—Requiring boards of county commissioners to advertise for bids for public work and for supplies. To third reading.

Bill No. 32, by Williams—Disqualifying certain persons from holding office or appointments or acting as jurors. To third reading.

Bill No. 25, by Williams—For regulation of secret society meetings. Amended to allow officers to enter into any place where he believes secret meeting is being held contrary to law. To third reading.

Bill No. 90, by Mr. Massey—Providing for special road tax for cities and towns. To third reading.

Bill No. 2, by McCreary—For cheaper text-books. To third reading.

Bill No. 96, by Mr. Hudson—Raising school age from 6 to 7 years. To third reading.

Bill No. 65, by Mr. Sloan—Prohibiting sale or giving away of certain narcotics. To third reading.

Bill No. 45, by Mr. Sloan—Governing pardon applications. To third reading.

Bill No. 92, by Mr. Broome—Removing fee from cotton seed meal manufactured in Florida. Reported unfavorably and indefinitely postponed, to which Mr. Broome agreed.

## UNIVERSITY NOTES

The preparations for commencement on the part of the students are well under way. Each of the four classes has selected four speakers as its representatives in the contest in oratory and declamation. The Freshmen and Sophomores render declamations, the Juniors and Seniors deliver original orations. The speakers selected are:

Freshmen Class—E. A. Taylor, A. A. Baker, W. A. Shands and C. S. Bamberg.

Sophomore Class—H. S. Glazier, P. S. May, M. L. Mershon and W. C. Price.

Junior Class—E. T. Barco, D. E. Cappleman, O. Drane, R. D. Rader.

Senior Class—G. B. Ames, W. W. Gibbs, R. Kay and W. B. Martin.

In addition to these declamations and orations, a salutatory and valedictory will be delivered by the first and second honor men of the graduating class. These honors, however, cannot be decided until the final marks for the year are in.

The invited speakers, as has already been announced, are Dr. Jas. H. Dilgard of New Orleans and Dr. Albert B. Curry of Memphis. The former will deliver the address to the graduates, the latter will preach the Baccalaureate sermon.

A very spirited meeting of the student body was held on Wednesday morning to elect the staff of The Pannant, the student journal, for the session of 1909-10. The campaign for the offices, although conducted in the most friendly manner, was extremely enthusiastic, each student wishing his candidate to win. The election resulted as follows: Editor-in-chief, H. L. Thompson; Associate Editor, B. Langston; Library Editor, J. W. Shands; Exchange Editor, P. S. May; Athletic Editor, E. A. Taylor; Local Editor, A. A. Baker; Business Manager, J. C. McMillan.

Friday night the engineering party, under the charge of Capt. Cox, left town for field work. That night they camped at the Devil's Mill Hopper. Saturday was spent in running a railroad line from this place to Warren's Cave. This work supplements the class instruction, and is proving of great benefit to the engineering students.

Wednesday evening the Transit Club entertained the Electrical and Mechanical Engineering Clubs. The paper of the evening was read by Mr. F. T. Wilson, and was entitled "The Relationship of Agriculture to Engineering."

The last meeting of the Fortnightly Club was held in the president's office with Mr. R. N. Wilson as host. During the evening Mr. Wilson read a paper entitled "Where Doctors Disagree." This proved to be a clever discussion of the various theories that have been advanced about Hamlet's mental condition. The club will have only one more meeting during this scholastic year, as no sessions are held in May.

The first performance by the University Dramatic Club will be given next Tuesday night week. The club is enthusiastic in its rehearsals and will probably make a good showing.

The swimming pool is now in good condition, having been drained and cleaned. Needless to say the students find it a very attractive place.

The planting of shrubbery at the edge of the walks and driveways of the campus has been completed.

The college farm is now showing up well. The corn is for the season well advanced. The foreman of the farm is particularly well pleased with his early sweet potatoes.

Among the visitors during the week was Mr. Weller, a member of the first graduating class of the University.

## HOUSE TO RECEIVE COMMISSION'S REPORT APR. 21

Investigation of Internal Improvement Fund Will Prove Interesting---Invitation to Bryan.

TALLAHASSEE, April 17.—The commission elected by the Legislature of 1907 to investigate the acts and doings of the Trustees of the Internal Improvement Fund has made a voluminous report embracing a large amount of testimony as well as documentary evidence.

The research seems to have been thorough and complete. There was no difference of opinion among the members of the commission until they reached that portion of the report that deals with the legal contention of the trustees' general counsel, former Governor Jennings, when Judge Syd L. Carter, chairman of the commission, differed as to the law and filed a dissenting opinion on that point.

The commission finds that the trust was coupled with the obligation to drain and reclaim the lands; that the land granted to the railroad companies was only the residuary interest therein; that at many times during the existence of the trust there was wasteful mismanagement; that many of the acts, both in the early and later administrations, were inexcusable and that the improvident expenditure of the trust fund under the guise of payment for legal services to favored attorneys are deserving of the highest censure.

### Made Special Order.

Upon request of Judge Carter, Representative from Alachua, the House of Representatives made the report of the commission the special order of business for Wednesday, April 21, when Judge Carter, chairman of the commission, is expected to give a full and lengthy explanation of the whole report in periods of ten years, and rumor has it around the capitol that portions of the speech will be caustic in the extreme and highly interesting;

that he will hew to the line, let the chips fall where they may, and that anything in the past deserves censure it will get it and if there is

anything in more recent years that resemble a garden implement it will be called a spade.

### Invitation to Mr. Bryan.

During the day's session, Mr. Calkins of Nassau offered the following resolution:

"Be it resolved by the House of Representatives: That the Hon. William Jennings Bryan of Nebraska be invited to address the House of Representatives of the Legislature of Florida.

"Be it further resolved that the chief clerk be instructed to telegraph this resolution to Mr. Bryan."

The resolution was adopted by viva voce vote, there being no opposition offered. The purpose of the resolution is to give Mr. Bryan an opportunity to appear and defend himself against certain statements made by Hon. Frank Clark, Congressman from the Second district, in his speech in reply to the charges embodied in resolution introduced by Mr. Alexander of Volusia.

Upon learning of the action of the House in adopting the resolution Mr. Clark, who is here with his wife, stated that should Mr. Bryan accept the invitation and attempt to answer the invitation he (Clark) would be on hand and was desirous of being granted the opportunity of answering any statement Mr. Bryan should make.

Being well up with its work the House adjourned shortly after the noon hour until 3 p. m. Monday, and many of the members caught the out-going trains in the afternoon for home to spend Sunday. Nearly 250 bills have been introduced in the House to date. This is a record for a two-weeks of work. The House has demonstrated that it is a genuine working body and all records for results will doubtless have been smashed when the time for the ending of the session arrives.

## Orange County Murderer Pays the Death Penalty

ORLANDO, April 17.—Jesse Willis, alias "Alabama," a negro, was hanged in the county jail yard yesterday morning by Sheriff Kirkwood for the murder of W. H. Hammon, his employer, some months ago.

Willis was employed by Mr. Hammon as a section hand and at the trial it was brought out that he had a grievance against Mr. Hammon.

The murder occurred while Mr. Hammon was on a fishing trip with Willis, the negro slipping up behind him,

striking him on the head with an axe, killing him instantly.

Willis escaped but was captured shortly afterwards. The evidence against him was purely circumstantial, but was so strong that he was convicted and sentenced to death by Judge Beggs.

The negro had been cheerful for several days, believing that at the last moment his sentence would be commuted to that of life imprisonment, but Governor Gachrist refused to interfere.

## Many Guests Burned in San Francisco Hotel Fire

SAN FRANCISCO, April 17.—Six bodies recovered and probably eight or ten others buried in the ruins; six injured, one fatally. Property loss \$125,000—these are the results of a fire yesterday that destroyed the St. George Hotel, a lodging house for laborers at Howard and Eighth streets. Eight other small buildings were burned. The bodies taken to the

morgue were so charred that identification was impossible.

The hotel was a three-story frame building. It burned so rapidly that none of the 180 guests had time to dress. Many escaped by jumping to the roof of an adjoining workshop. Scores clambered down the firemen's ladders and the fire escapes on the building. Four jumped to safety in a net held by the fire fighters.

## Sea Island Cotton Market Firm Past Week

SAVANNAH, Ga., April 17. The market for Sea Islands was firm with a good demand which includes all grades except the three lowest, and business was done at outside quotations. One sale of 100 bales of extra selected cotton was reported as high as 21c. Actual sales for the week were nearly double the amount as officially reported. Considerable sales were made of cotton not quite up to extra choice, but better than choice, at 17c.

Accounts from the new crop are mainly favorable. A reduced acreage is reported from the Eastern Georgia counties, where the planters are putting in uplands instead, but no reduction is indicated in Florida and Southwest Georgia. In Southwest Georgia the crop is unusually advanc-

## TEXT-BOOK MEASURES IN THE LEGISLATURE

SEEMS CERTAIN THAT ACTION  
WILL BE TAKEN.

Several Bills Along This Line Have  
Been Introduced—Alachua Coun-  
ty's Move for Cheaper Books.

(Special Correspondence.)

TALLAHASSEE, April 17.—That the school book question promises to receive from the present Legislature the attention its merits so well deserve, seems at this stage of the proceedings to be practically certain.

Several bills along lines previously discussed have been introduced in both House and Senate, and while State-wide uniformity may not seem desirable or practicable at this time, still all must respect the merits of any effort to give the patrons of our schools books at a lower price or at least as low as that given by the publishers to the patrons of schools of other similar situated States.

The Tallahassee News, edited by T. J. Appleyard, following an interview with Senator McCreary on Senate Bill No. 2, publishes the following editorial comment and endorsement, under the head of "Cheap Text-Books":

"Attention is called to the interview with Hon. H. H. McCreary, published elsewhere. Mr. McCreary has for years been endeavoring to secure a uniformity of text books throughout the State without the expense attending a commission; or, rather, without cost to the tax payers. Two years ago Hon. Jos. H. Humphries introduced a bill that passed the Senate, providing for cheap text-books. It failed in the House, never coming to a vote. But the result of this agitation was that nearly every county adopted the cheaper form and thousands of dollars has been saved, and that without a commission.

"Alachua county recently adopted books at greatly reduced figures and secures her text-books at prices now prevailing in State Uniformity States.

"In spellers, she secures two books—Hunter's Progressive Speller, Part I and II at 12c each. The three former books in use cost 55c. The two books adopted cost only 24c, less than half the price of the books formerly used.

"In readers the books adopted are at the same prices as prevail in State Uniformity States. The First Reader retailing in two forms, cloth edition, at 25c, or in board edition at 15c, giving the patrons the choice of either edition. The same reduction obtains in all the other grades of readers, the prices being reduced from 20 per cent to 30 per cent, saving hundreds of dollars to the pupils.

"Field's History, in special edition, was adopted at 65c. The former price being \$1 for the regular edition.

"Milne's Arithmetic in special edition at 45c is to be used instead of the edition sold at 65c. These books are identical in subject matter and 20c will be saved on each book published.

"In geography, Redway's was adopted in the regular edition; Smith's Arithmetic and Hyde's Grammar also in the regular edition.

"Quite a number of companies were represented and the books were adopted from American Book Company, Ginn & Co., Heath & Co., Allyn & Bacon, and McMillan Company.

"By the adoption of the special editions, the County Board of Public Instruction has secured books that will save several thousands of dollars to the people of Alachua county during the next four years, and demonstrates beyond the shadow of a doubt that the County Superintendents at their meeting at Lake City were wise in condemning State uniformity. The local authorities retain the power of selection, and thus prevent too many changes and at the same time they obtain all that is best and cheapest in books under the State Uniformity scheme."

### REVIVAL SERVICES.

Rev. Sweet to Begin Series of Meetings at Advent Christian.

The Advent Christian church will begin a series of revival meetings on Monday night at 7:30.

The services will be under the direct supervision of Rev. C. H. Sweet, who has been engaged in evangelistic work in Massachusetts, New York and Connecticut, but now at Dowling Park, Florida. Rev. Sweet is a noted evangelist, having founded fifteen church organizations. He is a man of intensely interesting manner in his utterances, conducting his meetings in such a manner as to reflect credit upon all Christians and their towns. His courteous manner and straightforward method win the confidence and love of all who hear him.

Meetings every night through the week, beginning Monday night. A cordial invitation is extended every one. Ministers are specially invited, and will be asked on the platform with the speaker.

All Christians of all denominations are asked to participate in these revival meetings, the main object being the salvation of souls. The church has been prospering under the care of J. T. Johnson, the pastor. Some twenty-five have been brought into the church, mostly young people.

A Young People's Society has been organized with fifty-four members.

### Rheumatism.

More than nine out of every ten cases of rheumatism are simply rheumatism of the muscles, due to cold or damp, or chronic rheumatism. In such cases no internal treatment is required. The free application of Chamberlain's Liniment is all that is needed, and it is certain to give quick relief. Give it a trial and see for yourself how quickly it relieves the pain and soreness. The medicines usually given internally for rheumatism are poisonous or very strong medicines. They are worse than useless in cases of chronic and muscular rheumatism. For sale by all druggists.

### Car Loaded With Help.

A special car of the Illinois Central passed through the city yesterday loaded with hotel help from Tampa. This was some of the regular help which comes South each season and returns North for the summer.

Foley's Honey and Tar is a safe-guard against serious results from spring colds, which inflame the lungs and develop into pneumonia. Avoid counterfeits by insisting upon having the genuine Foley's Honey and Tar, which contains no harmful drugs. J. W. McCollum & Co.

If you have found anything see if it is advertised in the Want column.

## Stop it! Why cough? Stop it!

Stop coughing! Coughing rasps and tears. Stop it! Coughing prepares the throat and lungs for more trouble. Stop it! There is nothing so bad for a cough as coughing. Stop it! Ayer's Cherry Pectoral is a medicine for coughs and colds, a regular doctor's medicine. Use it! Ask your doctor if this is not good advice.

### AT THE CHURCHES TODAY.

Divine Services Will Be Held at All Places of Worship.

Services will be observed at the various churches of the city today as follows:

First Presbyterian Church, Rev. T. P. Hay—Morning service 10:30 a. m.; sermon by Dr. Andrew Sledd. Sabbath school 3:30 p. m.; lesson topic, "The Conversion of Paul." No evening service owing to absence of pastor.

First Baptist Church, Rev. S. B. Rogers—Sunday school 9:30 a. m. Preaching 10:30 a. m.; subject, "Our Home Land." Junior B. Y. P. U. 2:30 p. m.; Senior B. Y. P. U. 6:45 p. m. Preaching 7:30 p. m.; subject, "A Chosen Few." The ordinance of Baptism will be administered at the evening service.

First Methodist Church, Rev. F. R. Bridges—Sunday school 9:30 a. m. Preaching 10:45 a. m. and 7:30 p. m. League meeting 3:30 p. m.

Advent Christian Church, Elder J. T. Johnson—Preaching 11 a. m. and 7:30 p. m. Subject for morning, "Fasting and Prayer." Night, "The Unpardonable Sin—How Committed." Baptism at the close of service. Sunday school at 3 p. m. Young people's meeting at 7 p. m. Revival meetings begin Monday night in this church at 7:30. Everybody cordially invited.

St. Patrick's Catholic Church, Rev. P. J. Lynch—Mass will be held at 10 a. m. Devotion of the Holy Rosary at 4 p. m.

Holy Trinity Church, Rev. F. H. Craighill—First Sunday after Easter. Holy Communion, 7 a. m.; morning prayer and sermon, 10:30 a. m.; Sunday school, 4 p. m.; evening prayer and sermon, 7:30 p. m.

### Objects to Strong Medicines.

Many people object to taking the strong medicines usually prescribed by physicians for rheumatism. There is no need of internal treatment in any case of muscular or chronic rheumatism, and more than nine out of every ten cases of the disease are of one or the other of these varieties. When there is no fever and little (if any) swelling, you may know that it is only necessary to apply Chamberlain's Liniment freely to get quick relief. Try it. For sale by all druggists.

### Big Deal at Micanopy.

MICANOPY, April 17.—Our town and community continues to prosper. Quite a nice little deal was consummated here on the 15th inst., when Mrs. A. H. Emerson of Tacoma sold to Mr. Lawrence of Indiana two hundred acres of choice land. Mr. Lawrence, with a colony, will move in in the fall and will prove quite a valuable acquisition to the community. J. H. Schneider & Co. of New York have also bought extensively of our farm land recently and everything forbodes better times for Micanopy section.

Mrs. Emerson is to be congratulated on her earnest efforts to build up our section, and also in landing Mr. Lawrence.

### A Baby Show in Gainesville.

Would have many contestants; but it's safe to say that the healthiest baby would win the prize. No baby can be healthy who suffers from worms, and most babies do unless they are kept free from them with White's Cream Vermifuge. Acts quickly, yet mildly—is its own purgative. Mothers, don't attempt to raise children without White's Cream Vermifuge. Price 25 cents. Sold by W. M. Johnson.

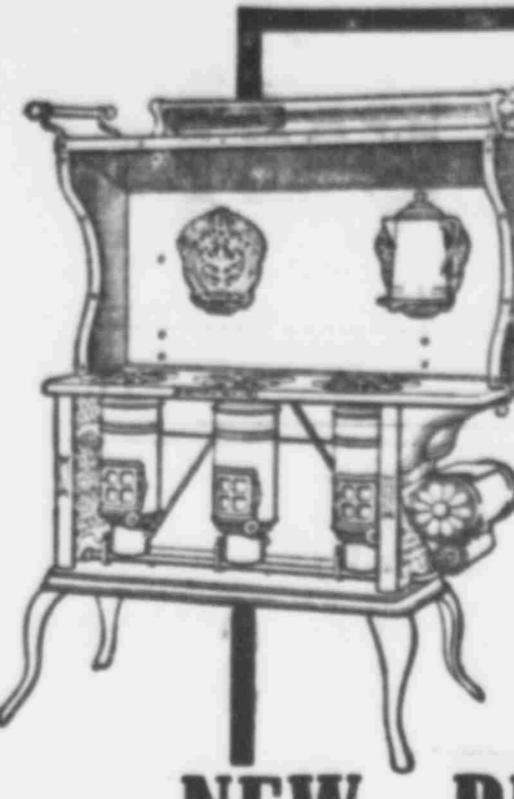

### Card of Thanks.

We wish to express our gratitude and deep appreciation of the kind attentions and tender sympathy extended to us by all who comforted and sustained us in our recent sorrow.

## CO-OPERATIVE CONTEST WILL START TUESDAY

ONE DIAMOND RING AND TWO PIANOS TO BE GIVEN AWAY.

The Sun and Business Men Combine on Three Desirable But Expensive Prizes.

The Sun and a number of progressive merchants have combined and purchased a handsome diamond ring, valued at \$200, and two pianos that will be given away in the same manner as the recent contest, which proved so popular with such a large number of people throughout the county.

They propose to give one vote for every penny that is spent with them in cash. This means the paying of all bills and also all cash purchases. The county will be divided into districts in order that the girls of the country will be given an equal showing in one of the greatest contests ever inaugurated in this section of the State.

Three sections will be embraced, the diamond ring going to some girl residing within the Gainesville section, this including the city and everyone within a radius of four miles.

The Eastern and Southern section will include Fairbanks, Waldo, Orange Heights, Campville, Melrose, Island Grove and everything up to and including Micanopy, and the Tacoma and Wacahoota sections—for this part the young lady receiving the largest number of votes will be awarded a handsome Williams piano—value \$350.

The Western and Northern section will include Hague, Alachua, High Springs, Newberry, Trenton, Wannee, Bell, Wilcox and Archer and all communities embraced in this section. To the young lady receiving the largest number of votes here another fine Williams piano will be given, valued at \$350.

These prizes are given in order that the large number of citizens residing in the county, and who are compelled to come to Gainesville to do their trading, will share alike in the distribution of the prizes.

This is a chance for ambitious young ladies to win the prizes, as they can work among their friends and secure a large number of votes by so

There is a large amount of money spent in Jacksonville and elsewhere that you can assist in throwing here, where you will receive the benefit of it, and the way to win is to get busy immediately and commence to work for the prizes. Canvass among your friends and whenever they visit Gainesville have them visit the places where they can obtain votes on all purchases.

Every linch has been secured in this contest in order that you may be supplied in anything you want, and the merchants here are noted to carry the largest and most complete stocks, outside of the metropolitan cities, of any place in the State.

Following is the list of merchants who have joined the Co-operative Contest, and which promises to be the greatest contest ever given in this section of the State:

Gainesville Furniture Company, furniture.

Phifer & Morris, clothing and furnishings.

Gainesville Hardware Company, hardware and plumbing.

Mrs. F. T. McCormick, millinery.

W. M. Johnson, drugs and patent medicines.

Gainesville National Bank, bankers.

L. C. Smith, shoes and jewelry.

Mrs. R. Wilson, dry goods and notions.

Saunders & Earle, groceries and feed stuffs.

Crawford & Davis, livery and sale stables.

P. Y. Smith, fresh meats.

Gainesville Planing and Coffin Company, lumber and building material.

The contest will open Tuesday morning and run to August 18th, 1909.

### "SHINY" FAT FOLKS

One of the fat woman's chief griefs in life is her shiny, greasy skin. If it be pimply besides, as it probably is (or may be), her cup of anguish is full. Powder and cosmetics simply hide these horrors for a season—a very short season. They are not a cure for them. There isn't any cure for them except getting rid of the grease beneath. When she does that she finds her complexion improves.

In this way only can I account for the clear, natural complexion acquired by those who use the Marmola receipt: One-half ounce Marmola,  $\frac{1}{2}$  ounce Fluid Extract Cascara Aromatic,  $\frac{3}{4}$  ounce Peppermint Water. By causing the excess flesh to be absorbed, it clears the blood of the globules of fat which, physicians say, cause the greasy, oily skin of the over fat.

This simple receipt makes a mixture both pleasant and harmless. It causes neither wrinkles nor stomach disturbances. It is also quite inexpensive. Make it a point to try some; take a teaspoonful after meals and at bedtime for a week or two and see if your oily skin does not quickly disappear. As you lose your fat your complexion should progressively improve, and after a month or so, when you have lost 25 or 30 pounds of flesh, it should be nearly perfect.

Card From Mr. Warren.

Citizens of Gainesville—I wish to thank all of my friends who worked and voted for me on Tuesday, and I wish to say to those who did not vote for me, that I entertain no ill-feeling toward any one of them.

Respectfully,

C. C. WARREN.

## ANOTHER GARAGE FOR GAINESVILLE

WORK TO COMMENCE ON THE  
BUILDING EARLY NEXT WEEK.

Automobile Fever Seems to Have  
Struck the City With  
Full Force.

Another large and commodious garage is to be built at once for the accommodation of the large number of machines that are being ordered for Gainesville and also to further the interests of the agency of a leading automobile.

Vidal & Maddox will be the proprietors of the new garage and the building is to be erected on the vacant lot of P. Miller, in the rear of the Law Exchange building, facing on Mechanic street.

It will be sufficiently large to accommodate the storing of a number of machines and the suitable location will give it much prestige among the public generally.

That the automobile fever has struck Gainesville there is no further doubt, and it is expected that within the next six to eight weeks there will be at least a dozen new machines running about the city. Nearly all of the physicians have spoken of buying, besides a number of citizens will purchase now that the city will be amply able to take care of them in the repair line.

The Cook Company have already established a nice business and make a specialty of renting and repairing besides handling the Buick cars.

### Best Treatment for Colds.

"Most ordinary colds will yield to the simplest treatment," says The Chicago Tribune, "moderative laxatives, hot foot baths, a free perspiration and an avoidance of exposure to cold and wet after treatment." While this treatment is simple, it requires considerable trouble, and the one adopting it must remain in doors for a day or two, or a fresh cold is almost sure to be contracted, and in many instances pneumonia follows. Is it not better to pin your faith to an old reliable preparation like Chamberlain's Cough Remedy, that is famous for its cures of colds and can always be depended upon? For sale by all druggists.

The crusade against the house-fly has been taken up by a large majority of Florida papers. Keep it up.

The country's saved regardless of the Legislature. Blackberries are "turning" and the watermelon vines "a-runnin'."

W. M. Stafford has recently assumed the management of The Crystal River News, and the appearance of the publication indicates that it is in capable hands.

True to his instincts "Uncle Joe" Cannon took the floor and made a desperate effort to save the Standard Oil Company from loss through a reduction of the duty on petroleum.

In the rush of other matter, the Legislature should not forget the protection due the Florida forests. The time to protect the timber interests is while there is timber to protect.

Something new in French baby carriages is shown in the May number of Popular Mechanics. Both parents are required to operate it, and its use is suggestive of a domestic felicity not always observed.

Should William Jennings Bryan and Congressman Clark meet for a discussion of each other before the Florida Legislature, the eye of the entire political world would be focused on Tallahassee.

Reports from various sections of Alachua and adjoining counties are that crop prospects are bright. The truckers, especially cabbage growers, have had better success than usual this season, and it is to be hoped that this may be said of all crops when the year draws to a close.

There will be general satisfaction over the decision of the Supreme Court of the United States affirming the decision of the Texas courts imposing a fine of \$1,600,000 on the Waters-Pierce Oil Company, which is merely a branch of the Standard Oil Company, and ousting it from the State.

Senator LaFollette announces in the Senate that he is a great civil service reformer. Mr. LaFollette is sublimely unconscious of the exposure at Madison of the manner in which he debauched the State machinery to perpetuate his political power, not only compelling the game wardens to promote his interests but paying their expenses out of the State treasury.

A British medical man thus tells his experience of how men and women face death, says The Philadelphia Record: Tell the man of higher type and greater intelligence, he says, that he is facing death, and he begins to fight, demands a consultation, talks about going to specialists and fights grimly to the finish. Tell a woman the same facts, and she lies back to await her fate. All women are fatalists. On the other hand, tell a man that he has one chance in a thousand to recover if he will undergo an operation, and he will trust to his own strength and endurance rather than undergo the knife. The woman will choose the thousandth chance, and submit to the operation with astounding calmness.

#### THE RAILROAD COMMISSION.

The Seaboard Air Line railway and the Atlantic Coast Line railroad have been making a charge of 39 cents per 100 pounds on cotton from Alachua, Fla., to Savannah, Ga., and 41 cents per 100 pounds from Gainesville and 69 cents per 100 pounds from Hawthorn, all three of these points being equal distance from Savannah.

The Hawthorn shippers managed, in some cases, to get a rate of 45 cents by shipping locally from Hawthorn to Gainesville and then using the Gainesville rate to Savannah.

The case was brought before the Railroad Commission by Messrs. Smith & Johnson of Hawthorn complaining of the discrimination in rates, and after investigating the Railroad Commissioners called upon the two lines above referred to to put in a uniform rate of 39 cents per 100 pounds from all three points to Savannah, Ga., which the lines declined to do, after which the Commissioners made a formal case before the Interstate Commerce Commission, and the case was heard by the Interstate Commerce Commission some time in January, after which it was taken under consideration.

A dispatch from Washington, under date of April 15, states that the Interstate Commerce Commission has rendered a decision in favor of the Florida Railroad Commission, establishing a uniform rate of 39 cents per 100 pounds from Alachua, Gainesville and Hawthorn to Savannah, Ga.

This matter was handled by the Commissioners through their special counsel without cost to the complainants, and is another evidence that the Florida Railroad Commission can be and is of benefit to the people of Florida if those who are being discriminated against by the transportation companies will take advantage of the opportunity afforded them to obtain redress through the Railroad Commission.

#### FRANK CLARK AND PROTECTION.

Congressman Frank Clark's recent speech in Congress averted the tariff, men and measures, and which caused the introduction of the resolution of censure in the Florida House of Representatives by Mr. Alexander of Volusia, has been freely discussed in the State press, and some have expressed the opinion that the Congressman was not overstepping the bounds of discretion in what he said.

The Starke Telegraph says: "The Tampa Tribune endorses Congressman Frank Clark's attitude on the tariff bill but thinks his criticism of the 'peerless one' might have been uncalled for. We disagree with the Tribune on the latter proposition. If the Democratic party is to be rehabilitated and put above such froth as the last campaign was pitched upon someone has got to begin the work of breaking the Bryan spell. No one will deny that Mr. Bryan has ridden the Democratic party about far enough, and pretty much everybody wants a halt called on him, but if no one offers resistance to the powerful organization that the Nebraskan has and has had for years, we will amble up to the next convention like dumb driven cattle and nominate him to lead another forlorn hope. The Telegraph thinks it is entirely proper that the initiative in this resistance should be taken by those who have been placed in positions of leadership by the party and we know of no one better qualified than Frank Clark to

#### Deafness Cannot Be Cured

By local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free.

start the ball to rolling for the Florida Democracy."

The East Coast Advocate, published at Titusville, takes the following view of the matter:

"Mr. James Alexander, Representative from Volusia county, has introduced a resolution in the House of Representatives, censuring Hon. Frank Clark for his recent utterances in the National House of Representatives, when Mr. Clark was trying to get a tariff on Egyptian and other long staple cotton, and oranges, pineapples and other Florida products.

"While some politicians are afraid to be called a 'Protectionist' yet Mr. Clark was right in doing his duty to protect the products of Florida, even at the risk of being called a 'Protectionist' by Champ Clark of Missouri, the minority leader, and we have no doubt but that Mr. Clark's constituents will approve his actions, even if the Legislature should decide to censure him.

"As far as his statements about the Nebraska leader goes, no doubt the next National Democratic Convention will endorse his utterances, as after three trials, Bryan has signally failed to lead the Democratic party to victory, and the general opinion is he has no chance of ever doing so."

#### FROM FLORIDA PAPERS.

About all the consolation we can get from Tallahassee is that we may expect an increase in taxation.—Clay County Times.

Don't be ashamed of bent shoulders, if hard work made them so. It's better to be bent in the back than broke in the pocket.—Quincy Times.

The Florida Times-Union wisely recommends that Floridas "cut out" references to the "big freeze" in their conversation and correspondence. It has a tendency to frighten away prospective settlers. The fact is, one big catastrophe in a country is about the experience of all countries. Florida in that respect is placed in the same category as the rest of the world.—Southern Argus.

and your muscles sore from cold or rheumatism, when you slip or sprain a joint, strain your side or bruise yourself, Painkiller will take out the soreness and fix you right in a jiffy. Always have it with you, and use it freely. The oldest, the cheapest and the best medicine for internal and external aches and pains in man is Perry Davis' Painkiller, and for over seventy years it has been the great standby for emergencies in thousands of families all over the world. ## MEETING WILL PROVE OF GREAT BENEFIT

DR. KELLEY VERY ENTHUSIASTIC OVER THE MANY SUBJECTS.

Declares That School System Is Improving Along the Same Lines as Industries.

Dr. J. L. Kelley and Capt. G. M. Lynch have returned from Atlanta, where they attended the meeting of the Educational Conference and are very enthusiastic over the good accomplished.

Dr. Kelley states that he attended the meeting at the special request of State Superintendent Holloway and is glad that he was present, as many new ideas were presented that show the school system of the country to be advancing at a very rapid rate.

Special assistance has been asked for along agricultural lines which is almost certain to be granted, and in this event it will prove a very profitable addition to the public schools of the entire country.

Capt. Lynch, who holds the chair of secondary education at the University of Florida, made a decided hit in his address, which was backed up by facts and figures at a special session of all the professors of secondary education of the Southern States. Dr. Kelley remarked that he heard more favorable comment on this address than of any other educator present, and said that Captain Lynch possessing the proper data and reports of the schools he had visited was convincing proof and brought the hearers right down to the question of agricultural education.

The conference covered many lines, but this was considered one of the most important, and every indication points that they will be rewarded with the assistance asked for.

Dr. Kelley states that Supt. Holloway and wife were present and he had the pleasure of meeting quite a number of acquaintances.

## NATURE'S WARNING

Gainesville People Must Recognize and Heed It.

Kidney ills come quietly—mysteriously.

But nature always warns you. Notice the kidney secretions.

If there are settling and sediment, Passages frequent, scanty, painful. It's time then to use Doan's Kidney Pills.

To ward off Bright's disease or diabetes.

Doan's have done great work in this locality.

Mrs. J. L. Warren of Starke, Fla., says: "For some time I was a victim of kidney trouble. The kidney secretions were too frequent in passage, causing me the greatest annoyance and I suffered constantly from backaches and dull pains through the kidneys. I could not rest well and in the morning awoke feeling tired and worn out. My back became very lame and I often found it difficult to get around. I at length read about Doan's Kidney Pills and procured a box. Since using them, I have been free from backaches and the soreness and lameness has disappeared. The annoyance from the kidney secretions also ceased and I am able to sleep well. Doan's Kidney Pills benefited me wonderfully and I can recommend them as the best kidney remedy I ever used."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

### BURKHIM'S CONTEST.

Capt. Alvarez Makes Tremendous Jump the Past Week.

There has been a great change in the private piano contest of L. J. Burkham for the past week, the friends of Capt. Alvarez having come to his aid very nobly and he is now above the 100,000 mark, which shows that he is in the contest to the end. The friends of the High School have not been sleeping, however, but they allowed this individual party to jump ahead of them for the week just closed.

The band polled a much smaller vote than they did last week, but members claim they have something "up their sleeve" that will open people's eyes within the next few weeks.

Following is the result as counted last night:

High School	178,250
Miss Dorian Ellis (band)	141,372
Capt. Alvarez	125,015
Mamie Cannon	12,895
Sallie Beville	6,340
Miss Shands	3,490
Anita Groff, Newberry	2,400
Mary Fernandez	400
J. W. Gleason	17
Flossie Graves	12
Emma Lee Hudson	105

### Lively Runaway Saturday.

The little mare belonging to Marshal Arnow became frightened Saturday near the Atlantic Coast Line depot and attempted to run, but only succeeded in going a short distance. She did considerable damage, however. The Marshal was plucky and held to the reins during the time, but she succeeded in overturning the buggy, breaking it to pieces and badly bruising the owner about the leg and arm. He will suffer a few days from his bruises.

People past middle life usually have some kidney or bladder disorder that saps the vitality, which is naturally lower in old age. Foley's Kidney Remedy corrects urinary troubles, stimulates the kidneys, and restores strength and vigor. It cures uric acid troubles by strengthening the kidneys so they will strain out the uric acid that settles in the muscles and joints causing rheumatism. J. W. McCollum & Co.

## NEWS OF CITY AND COUNTY CONDENSED

Attention is directed to the change in the advertisement of the Alachua County Abstract Company. They want to act as your counselor in the matter of land titles.

Mrs. Casper Hague of Hague station arrived in the city yesterday and will spend the next few days here visiting relatives. She was accompanied by her little child.

Wade Thomas of Montezuma was among the visitors to the city yesterday. He states that the season has been fine for the farmers and that a good many have already commenced the planting of sweet potatoes.

Mrs. G. G. Battle of Albany, Ga., who has been visiting the family of F. M. Cullon for the past several days, left yesterday for Jacksonville. She will spend a short while there with relatives before proceeding to her home.

Read the announcement of Mrs. R. Wilson in today's Sun. It contains many rare bargains that are of special interest to the careful and economic buyer, and all prospective purchasers should study what they have to say before doing their shopping.

The Eddins Manufacturing Company have a new advertisement in this issue of The Sun in which they advise you to stop paying rent. They have the capital to build you a home on the easy-payment plan and everyone interested should read what they have to say.

There will be a Baby Roll Meeting of the Children's Brigade of the Methodist church this afternoon at 2:30 o'clock, at the church. All children under five years of age, and their parents, are cordially invited to be present. Let all the members remember to be present promptly.

During the spring everyone would be benefited by taking Foley's Kidney Remedy. It furnishes a needed tonic to the kidneys after the extra strain of winter, and it purifies the blood to eliminate the impurities from it. Foley's Kidney Remedy imparts new life and vigor. Pleasant to take. J. W. McCollum & Co.

L. J. Burkham has returned from a short trip to Jacksonville. While away he witnessed the game of ball between Jacksonville and Savannah and says that both teams are composed of a fine lot of players. He anticipates that much more interest will be centered on the league this year than ever before.

Mr. F. G. Fritts, Oneonta, N. Y., writes: "My little girl was greatly benefited by taking Foley's Orino Laxative, and I think it is the best remedy for constipation and liver trouble." Foley's Orino Laxative is best for women and children, as it is mild, pleasant and effective, and is a splendid spring medicine, as it cleanses the system and clears the complexion. J. W. McCollum & Co.

Attention, Firemen! All members of the Gainesville Fire Department are requested to meet at the Fire Station Monday night at 7:30 o'clock sharp. Business of importance to be attended to.

N. E. BENSON, Chief.

The want ads. do more real estate business than all other brokers combined—in fact, they "start" most of the business that the brokers and agents fill.

## AFTER SUFFERING TEN YEARS

Cured by Lydia E. Pinkham's Vegetable Compound

MARLTON, N.J.—I feel that Lydia E. Pinkham's Vegetable Compound has given me new life. I suffered for ten years with serious female troubles, inflammation, ulceration, indigestion, nervousness, and could not sleep. Doctors gave me up, as they said my troubles were chronic. I was in despair, and did not care whether I lived or died, when I read about Lydia E. Pinkham's Vegetable Compound; so I began to take it, and am well again and relieved of all my suffering."—Mrs. GEORGE JORDY, Box 40, Marlton, N.J.

Lydia E. Pinkham's Vegetable Compound, made from native roots and herbs, contains no narcotics or harmful drugs, and to-day holds the record for the largest number of actual cures of female diseases we know of, and thousands of voluntary testimonies are on file in the Pinkham laboratory at Lynn, Mass., from women who have been cured from almost every form of female complaints, inflammation, ulceration, displacements, fibroid tumors, irregularities, periodic pains, backache, indigestion and nervous prostration. Every suffering woman owes it to herself to give Lydia E. Pinkham's Vegetable Compound a trial.

If you would like special advice about your case write a confidential letter to Mrs. Pinkham, at Lynn, Mass. Her advice is free, and always helpful.

## Notice of Election.

Notice is hereby given that an election will be held at Miccosukee, in Special Tax Sub-Road District Number One, on Tuesday, May 18th, A. D. 1909, to determine who shall be Road Trustees for the fiscal years 1909 and 1910 and the rate of millage to be collected for the above-mentioned years. O. L. Feaster, S. H. McCollum and Thos. McCreary are hereby appointed inspectors for the above election.

Done by order of the Board of County Commissioners, Alachua county, Florida, this 7th day of April, A. D. 1909.

JOHN G. DAMPIER,

Chairman.

By the Clerk, Attest:

S. H. WIENGES.

## A Knocker

Is a man who can't see good in any person or thing. It's a habit caused by a disordered liver. If you find that you are beginning to see things through blue spectacles, treat your liver to a good clean cut process with Ballard's Herbine. A sure cure for constipation, dyspepsia, indigestion, biliousness, all liver, stomach and bowel troubles. Sold by W. M. Johnson.

## Arrested on Palatka Charge.

Alfred Richardson, colored, has again been arrested on a charge preferred by the Palatka authorities, and was carried to Rochelle yesterday by Deputy Bruton to be transferred to the sheriff of Putnam county. It was thought Richardson had straightened up his differences upon his recent arrest, but it seems that he did not.

## For Constipation.

Mr. L. H. Farnham, a prominent druggist of Spirit Lake, Iowa, says: "Chamberlain's Stomach and Liver Tablets are certainly the best thing on the market for constipation." Give these tablets a trial. You are certain to find them agreeable and pleasant in effect. Price, 25 cents. Sample free. For sale by all druggists.

## NOTICE!

To All Whom It May Concern: Notice is hereby given that sixty days after this date there will be a bill introduced at the 1909 session of the Florida Legislature for a special law for Alachua county to prohibit the shooting, hunting or killing of quail for three (3) days out of each week during the open season.

## UNION ACADEMY.

Largest Enrollment and Best Attendance in History of School.  
(Contributed.)

The closing exercises of Union Academy, the county high school for colored youth in this city, of which Prof. T. E. DeBose is principal, will begin today at 3 p.m. at Mt. Pleasant M. E. church with the delivery of the baccalaureate sermon by Dr. Thos. H. B. Walker, pastor.

The class for graduation consists of eight boys and four girls, all of whom made creditable marks in their examination. Miss Bertha M. Jones made the highest mark in the class and will be awarded a beautiful clock, which was given to the school by Mr. L. J. Burkham for such honors. This prize will be presented on Wednesday evening, the 28th inst., at the commencement exercises, by the Rev. D. W. Rowe of Mt. Carmel Baptist church.

The other departments, which consist of 490 pupils, will appear and entertain the audience each night at Johnson's Hall at 8 o'clock, beginning the 22nd inst. and ending on Tuesday evening, the 27th, as follows:

Thursday night, the 22nd, the Primary Department—Mrs. Minnie C. DeBose, Mrs. Lucy L. Murrell and Mrs. Mozelle A. Gipson, teachers.

Friday night Third Grade A and B—Mrs. Meta M. Hearst and Mrs. Mamie E. Gardner, teachers.

Monday night, the 26th, Fourth and Fifth Grades—Mrs. Christina E. Artson and Miss Emma P. Williams, teachers.

Tuesday night, Sixth, Seventh and Eighth Grades—Mrs. Amy L. Davis and Miss Susie A. Grant, teachers.

Wednesday night, the commencement exercises under the direct charge of the principal and Prof. L. A. Artson.

All of these entertainments are interesting, attractive and of a high order and will prove a benefit to any who may attend. Tickets for reserved seats for any night can be had at the store of Mr. L. J. Burkham for white friends who may desire to attend. The principal states that the faculty has been very harmonious and has labored hard for success in every department, and as a result the examination work which closed last Friday showed thoroughness and an almost entire promotion in every grade. He further says that the greatest need of the school now is more teachers and more room.

Notwithstanding the school has to pay for all of its incidental expenses, including sanitary bills, etc., it has purchased a beautiful piano and has paid about \$150 on it, which is nearly half of the cost. This shows that the affairs of the school are very ably managed under the present administration.

## THE REAL TEST

## Of Herpicide Is It Giving It a Thorough Trial.

There is only one test by which to judge of the efficiency of any article and that is by its ability to do that which it is intended to do. Many hair vigor may look nice and smell nice, but the point is—do they eradicate Dandruff and stop falling hair?

No, they do not, but Herpicide does, because it goes to the root of the evil and kills the germ that attacks the papilla from whence the hair gets its life.

Letters from prominent people everywhere are daily proving that Newbold's Herpicide stands the "test of use."

It is a delightful dressing, clear, pure and free from oil or grease.

Sold by leading druggists. Send 10c. in stamps for sample to The Herpicide Co., Detroit, Mich.

## HUMORS

## IN THE BLOOD

When the blood is pure and healthy the skin will be soft, smooth and free from all eruptions or disease, but when the circulation becomes infected with any unhealthy humor the effect is shown by eruptions, pimples, boils, or some more definitely marked skin disorder, such as Eczema, Acne, Tetter, Psoriasis, Salt Rheum, etc.

Humors get into the blood, usually because of an inactive or sluggish condition of those members whose duty it is to collect and carry off the waste matter and refuse of the system. This unhealthy matter is left to sour and ferment and be absorbed into the blood, and soon the circulation becomes filled with an acrid, irritating humor.

The blood then, instead of performing its natural duty of nourishing the skin, regulating its temperature and preserving its uniform softness, pliability and healthfulness, irritates and diseases the delicate tissues and fibers around the pores and glands and produces some of the various forms of skin eruption or disease.

The cause of all skin afflictions can be traced to some kind of humor in the blood. Healthy cuticles are only possible where the circulation is pure; and therefore the cure of any skin disease can only come from a thorough cleansing of this vital fluid. Salves, washes, lotions, etc., cannot cure. True such treatment relieves some of the itching and discomfort, helps to reduce inflammation, and aids in keeping the affected parts clean, but it does not reach the blood, where the real cause is located, and at best can be only palliative and soothing.

S. S. S. cures skin diseases of every character and kind because it purifies and cleanses the blood. It goes down into the circulation and removes the humors that are causing the trouble, builds up the weak, acrid blood, and completely cures Eczema, Acne, Tetter, Salt Rheum, pimples, boils, and all other skin diseases and afflictions. S. S. S. is made entirely of roots and herbs, a safe vegetable remedy. When S. S. S. has driven the humors from the blood, and cooled and purified the acid-heated circulation, every symptom passes away, the skin is again nourished with rich, healthful blood, and comfort is given to disease-tortured skins.

S. S. S. cures Poison Oak, Poison Ivy, Nettle Rash, and all other troubles due to a humor-laden blood. Book on Skin Diseases and any medical advice free to all who write. S. S. S. is for sale at all drug stores.

## MARSHAL ARNOW MADE BIG HAUL

HE AND POLICEMAN OWENS  
DID THE WORK.

Two Houses of Ill-fame Pulled for  
Operating Within the City  
Limits—Cases Postponed.

Marshal Arnow and Policeman Owens again got busy on Friday night and made some important arrests, and this class of people will probably hereafter steer clear of the city limits.

The first arrest was that of Adel Lauther, charged with keeping a house of ill-fame within the city limits. The mayor gave the defendant time to secure witnesses and adjourned her trial until 9 o'clock Monday morning.

A young man, charged with being an inmate of this house, forfeited a cash bond of \$25, which had been deposited with the marshal.

Mabel Clarke and mother, Hester Clarke, were also arrested on the same charge, but the big-hearted mayor gave them time to secure witnesses and postponed her hearing until 9 o'clock on Monday.

Bud Faircloth was arrested as an inmate and was required to put up cash bond, which was forfeited.

A. L. Gaskins also forfeited a cash bond of \$5 on a charge of disorderly conduct.

Numerous complaints have been made to the officers regarding the houses and the last two women have been complained of on numerous occasions. At one time they were ordered to leave the city, but again moved back, defying the law.

### Eminent Authorities Say

That out-door exercise is needed by the American people. That's all very well, but how can people with rheumatism follow that advice? The answer is very simple—use Ballard's Snow Liniment and the rheumatism will go, leaving you as spry as a colt. Gives quick and permanent relief from rheumatism, neuralgia, lame back. Sold by W. M. Johnson.

### A Healing Salve for Burns, Chapped Hands and Sore Nipples.

As a healing salve for burns, sores, sore nipples and chapped hands Chamberlain's Salve is most excellent. It allays the pain of a burn almost instantly, and unless the injury is very severe, heals the parts without leaving a scar. Price, 25 cents. For sale by all druggists.

### Notice of Intention to Apply for Special Legislation.

Notice is hereby given that, at the regular session of the Legislature of the State of Florida, convening at Tallahassee in April, A. D. 1909, application will be made for special legislation for the Town of Newberry, Alachua county, Florida, giving it a special charter, providing for its government and prescribing its jurisdiction and powers thereunder.

### One-Quarter of a Pound a Week

At least, is what a young baby ought to gain in weight. Does yours? If not there's something wrong with its digestion. Give it McGee's Baby Elixir. Cures stomach and bowel troubles, aids digestion, stops fretfulness, good for teething babies. Price, 25c and 50c. Sold by W. M. Johnson.

### And West.

#### The Right Hand Seats.

The Philadelphia Record quoted an observant street car conductor to the effect that the right hand seats are always filled first. He could not account for this except on the theory that, as most persons are right handed and accustomed to turning to the right, it might be simply force of habit. "There is another probable reason which he did not think of," says the Record. "It is generally believed that the right side of a car is safer. An old traveler once said to the writer: 'In traveling always sit in the middle of a car and on the right hand side. The middle is safer than the ends in a collision, and the right side is not likely to be 'side swiped' by projecting objects on trains, cars or any vehicles passing on the adjacent track.'"

#### Observations on Baldheads.

"If you care to observe the bald-headed row," remarked the theater goer, "you will find that there is great variety in baldheads. There are elliptical bald spots, circular bald spots, elongated egg shaped bald spots, bald spots that are almost square and bald spots whose shape can hardly be described for the reason that they include the entire circumference of the head, with the exception perhaps of a slight row of finishing fringe between the head and the neck. If it wasn't for the baldheads the theater would be a bore before the rising of the curtain."—New York Press.

#### A Remarkable Race.

The Lapps are very fond of stimulating drinks. They think nothing of drinking fifteen or twenty cups of coffee a day, while their consumption of punch is on a vast scale. It is no uncommon thing to see numbers of helplessly drunk natives in the streets of Tromso, especially when the sale of reindeer flesh has been profitable. Yet robbery and, indeed, crime in general are practically unknown among them. The innate honesty of the people is quite extraordinary.—Wide World Magazine.

#### The Label Failed.

Gunner—You can't get the best of those blamed baggage smashers. I labeled my trunks "China" and thought they would handle them with unusual care. Guyer—And did they? Gunner—No, but blamed if they didn't ship the trunks all the way to Shanghai, and I haven't seen them since.—Chicago News.

## GAINESVILLE, —THE— University City.

Gainesville is conceded to be the most enterprising as well as the most beautiful city in the interior of Florida. It is located in the very center of the State, half way between the Atlantic and Gulf Coasts, surrounded by lands of such fertility as to be capable of producing a great variety of crops; in the heart of the truck-growing, phosphate and naval stores belt. She has the best educational advantages in the State, good churches, with edifices which are superior to any town of its size in Florida, with large and consistent congregations; has a climate which cannot be excelled for health and pleasure. All these natural advantages, combined with a progressive and enterprising cosmopolitan citizenship, are sure to make a big city.

There are many natural attractions in close proximity to the city, some of which are Alachua Sink, Paine's Prairie, the Devil's Mill Hopper, Warren's Cave, and Lake Newnan, all of which are reached by private conveyance.

Spring Park Stock Farm, the largest and finest live stock farm in the State, is only eight miles west of the city and is reached by a good hard road, affording a most pleasant drive.

The farmers of Alachua county, of which Gainesville is the county seat, "live at home and board at the same place." The temperature is very uniform, scarcely ever reaching the nineties in summer or the twenties in winter. The population of Gainesville is about eight thousand, representing nearly every nationality on the face of the earth, and strangers always meet with a hearty welcome.

The University of Florida for young men and the National Agricultural Experiment Station are located within the corporate limits of the city. In fact, Gainesville has so many things that we must be pardoned if we omit a few of them in the following enumeration of what

Gainesville Has:

- One artist.
- No saloons.
- One garage.
- Four hotels.
- Four banks.
- Four dairies.
- One foundry.
- Water works.
- Ten churches.
- One gas plant.
- Two tin shops.
- Three bakeries.
- Ten physicians.
- Six fruit stores.
- Two gunsmiths.
- Six restaurants.
- One seed store.
- Board of Trade.
- Six drug stores.
- Four shoe shops.
- State University.
- Masonic Temple.
- Twenty lawyers.
- Two paint shops.
- Four contractors.
- One bicycle shop.
- Baseball diamond.
- Two ice factories.

#### BETTER THAN SPANNING.

Spanking does not cure children of wetting. There is a constitutional cause for this trouble. Mrs. M. Summers, Box W, South Bend, Ind., will send free to any mother her successful home treatment, with full instructions. Send no money, but write her today if your children trouble you in this way. Don't blame the child, the chances are it can't help it. This treatment also cures adults and aged people troubled with urine difficulties by day or night.

Mrs. O. H. Highsmith of Jacksonville returned to her home yesterday.

She has been here for the past several weeks under the treatment of a physician and feels that she has been greatly benefited. She was accompanied by her children.

Commencing Monday and lasting all of the week, I will make it specially interesting in the line of hats and trimmings. We are still receiving new fashions by express and have many rare patterns to show you. It will be one big sale from Monday morning to Saturday night, and at prices that will defy all competition.

Remember, we give votes on all purchases for cash in the new diamond ring and piano contest. Mrs. F. T. McCormick.

R. S. Bradley of Wacahoota was among the vegetable planters that visited Gainesville yesterday. He states that the acreage of beans is very heavy and it will require the services of outside pickers to gather all that will be made in his section.

Mrs. L. L. Lassiter of Tioga and sister, Miss Martha Buffalo, of Jacksonville, N. C., are spending a few days with Mrs. R. B. Peeler, South Gainesville. Miss Buffalo has been in Florida for the winter season and has visited several points of interest.

F. M. Ramsey of Wacahoota was among the truckers who visited the city yesterday. He conducts an extensive farm and was glad of this fact during this season, as he has been among many who have fared well on the wind-up of the cabbage crop.

Capt. and Mrs. J. S. Jolly of Jacksonville were in the city yesterday. The Captain is now looking after the re-laying of the heavy rail from Gainesville south on the Atlantic Coast Line and will be in this section a good deal until this work is completed, hence they will run into Gainesville to spend Sunday with relatives and friends.
